Saskatoon Fire Takes 11 Lives

SASKATOON, (CP)—Eleven persons perished and 18 others were sent to hospital with varying degrees of burns and other injuries Sunday in an early-morning fire which completely gutted the three-story, 28-room brick-built Barry hotel here. One of the injured is in serious condition.

Believed to have started from the explosion of a gasoline stove in a restaurant on the hotel's main floor, the blaze spread through the hotel like a "wall of death," and caused Acting Capt. E. Clark to order his firemen to "forget the building. There are lives to be saved."

The hotel had been bought recently, by Harry Ditlow, formerly of 10369 Jasper Ave., and Mickey Phillet, 10135 116 st., Edmonton, and Leon Asben, of New York, for \$120,000.

The fire, which started in the Queen hotel fire in Halifax, March 5, 1939, which took 28 lives, followed by only 24 hours the Wincoff hotel fire in Atlanta, Ga., in which 120 persons perished. In other week-end fires throughout the dominion, loss was estimated at about \$1,000,000, although only in Saskatoon was there loss of life.

Fred Pries, a waiter in the restaurant, recounted how the fire first broke out. He was called to the kitchen by the cook, who told him the range blazer and a can of gasoline on the floor shooting flames eight feet high. A frustrated customer bumped into him, the can fell and rolled into the hotel lobby. Another man tried to kick it from the door, but the dirt from a heavy electric fan was believed to have sent the flames spiraling inward.

Within a minute, the building was aflame, the flames moving like a "wall of death," snuffing through the hotel's structure.

The city's entire fire-fighting equipment was on hand within five minutes, and firemen made the difficult task of toiling in the snow.

Egypt Asks for Withdrawal Troops Outside Home Areas

LAKE SUCCESS, N.Y. (AP)—Egypt Monday submitted a proposal to the United Nations calling for member governments to begin a balanced withdrawal of all troops stationed outside home territory and to institute a general demobilization of forces.

The proposal, also called for immediate withdrawal of any force which might still be in the "free zones" of the government-controlled areas.

Injection came after a political committee adopted a resolution, which was adopted by the United Nations assembly, to "renew every possible assistance to the security council and the economic commission in order to promote the achievement of international peace and collective security with the diversion from armaments to the world's human and economic resources."

11 Dead, 18 Injured as Saskatoon's Barry Hotel Burns

Following the United States' terrible hotel fire by one night, one of Canada's worst hotel fire tragedies occurred early Sunday in Saskatoon, when the Barry hotel, photographed at top, burned, claiming 11 lives and leaving 18 others hospitalized with burns and injuries. The shell of the Barry hotel is photographed in the upper picture, while below is a photograph of the charred lobby, scene of a daring rescue by firemen who saved and saved the lives of many hotel guests caught in the lobby. One girl jumped through this skylight into the lobby, the fire was injured in her leap to safety.

Expect Fire Production Within Next Few Days

PITTSBURGH, (AP)—Soft coal miners trooped back to their jobs Monday and resumed production of desperately-needed fuel, ending a 17-day strike which crippled the United States' economy.

Spreading the back-to-work movement by the 400,000 United Mine Workers were the diggers in Pennsylvania and West Virginia, which have about one-third of the soft coal output. Early reports from these fields showed miners generally obeyed John L. Lewis' order to return to work, although full production may not be reached before Tuesday or Wednesday.

In the coal-rich Pittsburgh area only a couple of large mines were reported idle and union members explained work would be resumed at these as soon as the official work notice had been received from the union.

Among the mines reopening were "captive" pits of steel corporations as U.S. Steel, Jones and Laughlin and Republic Steel.

Fuel was sorely needed by industry and to warm homes and schools across the country.

The miners generally were calm and quiet as they returned to work. But many miners who had been out of work for so long that they had forgotten the work of a coal miner.

I hate to go back with nothing to show but three weeks' lost pay. And we'll probably have to do it all over again.

Calling off the strike, dramatic ultimatum by the United Mine Workers and the National Labor Relations board, which had ordered the miners to return to work by Saturday, was not enough to get the miners to return to work.

The Purd Motor company, which had been out of work for so long that they had forgotten the work of a coal miner, was not enough to get the miners to return to work.

Atlanta Fire Toll Rises to 120 Dead

ATLANTA, (AP)—The Wincoff hotel fire toll climbed to 120 Monday as multiple investigations of the structure on famed Peachtree street early Saturday, sources which were the most costly fire in United States history.

City, county and federal investigators were ordered, coinciding with demands for more stringent safeguards against such tragedies. Firemen are still working to find out how the fire started.

Witnesses told how panic-stricken guests awoke from 10th and 12th-story windows on Friday night, making-shift floors, a few were rescued, but most fell headlong as flames burned away their supports, or they lost their footing.

Others were seen briefly at flames, then disappearing into the smoke, some who kept their heads were rescued.

May Let Germans Remain In Dominion as Farm Help

OTTAWA, (CP)—Retention of German prisoners of war in Canada as farm labor is being considered by the federal cabinet, it was learned Monday, but it was not decided whether a decision has been reached.

One source indicated that the Canadian Press plans were going ahead on the understanding some of the remaining 2,500 prisoners in the country were to stay in Canada, but another high official said cabinet members had not yet made up their minds.

Expectation was that any prisoners retained would be employed in farm work. The government has been pressing for help in Canada, but another high official said cabinet members had not yet made up their minds.

A sharp shortage of loggers in the Canadian woods also has been evident following the removal of about 10,000 of the prisoners from this industry to return to their homeland.

Hundreds of the Germans, removed to the Reich were unemployed, and many applied for permission to work in Canada. Their requests were backed by large numbers of farmer-employees. The government has been pressing for help in Canada, but another high official said cabinet members had not yet made up their minds.

Madrid Mass Shows Spanish 'Solidarity'

PRADO, Madrid (Reuters)—Generalissimo Franco told a demonstrative crowd Monday "Spanish solidarity" with the struggle of the people of the Republic.

The demonstration of several hundred thousand was staged to show the solidarity behind the Republic's leadership in the face of the Nationalist opposition.

The pacific spirit of Spain has been sufficiently demonstrated, Franco said. "But if our liberties were in danger we would resist."

People from outside have no right to interfere in the private affairs of Spain, he said. "We will defend our liberties and our country."

Montreal Landmark Destroyed by Fire
MONTREAL, (CP)—The century-old Bonaventure market in the Montreal business district was gutted in a two-alarm fire Sunday night.

Firemen from a dozen stations battled the blaze. Several firemen were slightly injured. Thousands of dollars' worth of food and other goods were soaked by water or burned.

The market was built in 1841. For several years Bonaventure market was the seat of the municipal government. Built in Doric style, it was a three-story building with a large dome. Damage was expected to run into five figures.

Aerial Hunters Bag Coyotes by Dozens
OCEANA, Sask. (CP)—Air warfare on coyotes is being waged in this prairie district 50 miles south of Regina by the Canadian mounted police, equipped with a very ski-equipped aircraft and a shotgun.

Bringing Larson, 25, ex-U.S. army aviator and Walter Kelly, 36, both of Brandon, W.D., have a license to hunt the animals in Canada. The plane swoops over the prairie searching out the coyotes and kills them.

The hunters land beside the shot animals and skin them on the spot. They have shot up to 11 in one morning, and the pellets are worth \$12 each.

The air hunters say the coyotes stand on their hind legs as the aircraft swoops low, trying to ward off the attack.

POWER RATES CUT
WINNIPEG, (CP)—The Manitoba power commission Saturday announced a 3-cent per kilowatt reduction in domestic rates to 45, provincial towns and villages, and 30 per cent for industrial.

Speculation on Successor
Whatever his condition, the world has turned again to assess the chances of old deputies as his successor.

It was always a rule in the early days of the Communist party government, when living was uncertain, that there should be two men trained and ready to take over duties of all executives. There is no reason to believe this system of succession has been changed.

Most informed speculation about Stalin's successor, however, is built up from this known fact: The Communist party is the one of the Soviet government and leadership will fall on Stalin's death to the second man in the party at the time Stalin's power declines, not from his command of the armed forces or as premier, but from his leadership of the party.

Molotov First Choice
Communists, the most likely successor is his deputy, 44-year-old heavy-jeweled George Molotov, secretary of the Soviet secretariat of foreign affairs, deputy chairman of the council of ministers. He is a privileged position of being responsible for negotiations in Russia as well as abroad.

Molotov's deputy, because of his party influence, slightly ahead of his

Won Two Prizes
Last spring the Rhodes scholar won two prizes in the Rhodes Scholarship. He was awarded the Rhodes Scholarship in September and the prize in the Rhodes Scholarship in October.

Active in University
Prior to his enlistment, Mr. Lomax was editor of the Gateway, student newspaper, and a member of the Ontario and Political Economy clubs, Canada's Princes and other campus organizations.

During his capture he continued his studies behind barred wires, taking Oxford university correspondence courses and writing examinations. His mother wrote him a number of his university books which he put to good use.

At Oxford he will be joining John A. Douglas, a former classmate at the university, who is there on a Rhodes scholarship awarded to members of the armed forces last year.

The committee which selected Mr. Lomax from a number of applicants consisted of H. A. Dyer, chairman; Mr. Justice Hugh John Macdonald, Dr. Robert Newton, president of the University of Alberta; Julian Gurnett, C. B. Clark, H. J. Finerty, Calgary, and Donald Marshall, Vancouver. Mr. Dyer, Mr. Clark, Mr. Finerty and Mr. Marshall are all former Rhodes scholarship winners.

PROPRITY must be PRODUCED

It cannot be Purchased

It . . . seems to me that a number of popular beliefs that have taken hold of public imagination in recent years — far from being a help — are now an absolute hindrance to a clear-sighted appreciation of the fundamentals of progress and welfare.

"One example, which to my mind is of very practical significance, is the still prevalent idea that purchasing power, rather than production, is the mainspring of employment, income and material well-being."

" . . . it should surely be clearly evident that, under present conditions, where the supply of money . . . is about two and a half times what it was at the beginning of the war, purchasing power is a problem of excess, rather than scarcity."

"Money is, after all, a claim on the productive resources of the community. And one of the immediate and urgent tasks confronting this nation is to put a sound foundation of production under the purchasing power already in existence."

" . . . we cannot, as a people, become wealthier simply by obtaining more money for producing the same or less . . . no device or formula can produce wealth and well-being without work, enterprise and the assurance of reward."

BELLEVILLE, Ont. (CP)—
Ernest M. Carefoot of Belleville
was acquitted Saturday night by a
jury of charges of fraudulently
practicing medicine.

Applause from the crowded court-

foot had been charged with fraud
on the grounds that he allegedly
told John McLaughlin of Belleville
he had a machine capable of diag-
nosing and curing any disease.

Defence witnesses testified the
defendant, who once practiced
medicine at Milestone, Ont., had
effected cancer cures within three
weeks, with marked improvement
noted after the first three treat-

**Operate on Brain of Young Women;
Hope to Cure Criminal Actions**

DETROIT, (AP)—A delicate
brain operation, which may trans-
form a cigar-smoking, morally de-
generate, 25-year-old woman into
a useful member of society, was im-
posed Friday by staff doctors at
Wayne County general hospital in
suburban Edebe.

The woman, described by doctors
as "attractive," has a record police
record of immorality, theft, mayhem
and drug addiction that began when
she was less than 10 years old.
She has spent 13 years of her life
in penal institutions, according to
Dr. Louis B. Lapush, clinical
director of the hospital. Her name
is a secret.

The woman, picked up by De-
troit police on a minor charge, was
sent to the hospital on the strength
of a long record, documented
from coast to coast.

With the consent of relatives,
Dr. Jesse Norman performed a
frontal lobotomy, which Dr. La-
pus said "severs the connection
between the part of the brain re-
sponsible for planning and carrying
out crimes, and the other parts of
the nervous system which trans-
late them into action."

"Her thought content will remain
the same. The abnormal ideas will
still be there. But if we were suc-
cessful the path to translate these
ideas into abnormal actions will not
be there."

Following the operation about a
month ago, the woman said her
"outlook on life" had changed. Dr.
Lapush said psychological tests
proved that the woman, hitherto a
confirmed liar, is now telling the
truth.

Dominion Control

Of Trucks Hinted

TORONTO, (CP)—Transport

Minister Chevier said here Sat-
urday night he "would not be sur-
prised if some day the federal gov-
ernment would be called upon to
extend its jurisdiction to cover in-
ternational and interprovincial
transportation by truck."

Before the Toronto Railway club,
Mr. Chevier said traffic on Cana-
dian highways came under provin-
cial jurisdiction because at the time
of confederation interprovincial
highways were non-existent.

"Nevertheless, road transportation
is playing an increasingly impor-
tant role in our dominion transpor-
tation picture," he said. "This type
of transportation is highly com-
petitive with the railways. In meas-
uring the services provided, it must
not be forgotten the railways have
to maintain their roadbeds. On the
other hand, trucks and buses oper-
ate on the facilities provided and
maintained by the province."

Mr. Chevier referred to the Cana-
dian railways' application to
boost freight rates 30 percent to meet
costs. Freight revenue had increased
from \$22,000,000 in August 1939 to
\$44,000,000 in August 1946, and pas-
senger revenue had jumped from
\$2,500,000 to \$10,500,000. But these
increases were insufficient to
counteract the greater costs of mate-
rials and wages.

Additional Seven Vehicles Expected

Bonnie Doon, Ritchie District Bus Service Starts This Week

The Bonnie Doon and Ritchie district bus service will be put into operation on Monday, December 9, at 8:30 a.m. Thomas Ferrier, superintendent of Edmonton's transportation

system, announced Monday. An additional seven of 22 buses now on order with the Canada Car and Foundry Co. Fort William, are to arrive this week. Three are scheduled

to arrive here Monday, and the balance by the week.

Five buses were received last week, and are in service on the Kingsway and 102 avenue west of 124 street route. Three buses and one of the additional vehicles received this week will be used on the new routes.

Others delivered will be used on routes needing additional buses to meet increased traffic. The terminus for the Bonnie Doon and Ritchie route will be 99 street and White avenue on the South Side, and the buses will travel through to 100 street and 102 avenue during the peak load hours. During off-peak periods, the buses will turn at the south end of the low level bridge. Mr. Ferrier stated, "An eight-minute service will be maintained during the peak-load period, and 15 minutes in the off-peak time."

Variety of Charges Laid

2 Persons Traffic Victims; 11 Arrested Over Week-End

Two persons injured in 11 traffic accidents, and 11 persons arrested on charges of illegal possession of liquor, intoxication, vagrancy, willful damage and dangerous driving provided the week-end chore for the city police officers.

AT ABOUT 9:30 P.M. SATURDAY, Pierre Groulx of Edmonton walked into the door of a street car at 101 street and 103 avenue. He was removed to the Royal Alexandra hospital in a taxicab where it was found that six stitches were required to close wounds in his face and head.

Mrs. Edna Kadatz of South Edmonton, and her two daughters, one eight months old and the other nine years, were taken to the University hospital suffering head injuries following a collision at the intersection of 101 street and 82 avenue between an automobile driven by Mrs. Kadatz's husband, and another driven by Herbert Englehart, 8654 61 avenue. Englehart was arrested on a charge of dangerous driving. The accident occurred about 12:40 p.m. Sunday.

To Facilitate Tourists' Entry

Call for Improvement Of Customs Conditions

Resolutions urging improvement of customs conditions for tourists entering Canada and for the improvement of provincial highways were passed at the annual meeting of the Alberta Motor Association in the

Macdonald hotel Saturday.

THE RESOLUTIONS were high- lights of the all-day sessions, during which time annual reports of the provincial bodies, such as branches, Edmonton, Calgary and Lethbridge, were read and discussed.

C. H. Grant, K.C., Edmonton, was chairman of the resolutions committee. James Cleave, Calgary, acting president, was chairman for the annual meeting.

A resolution regarding tourist facilities, the government will be urged to make a survey of all ports of entry into Canada to (a) reduce the restrictions to a minimum on the grounds seeking to cross the international border into Canada and (b) instruct all inspectors to exercise the utmost courtesy in discharge of their duties.

A RESOLUTION was passed asking that all guard rails and approaches to painted bridges be maintained regularly with lime white paint, and that a centre line be painted on all hard surfaced

roads. The executive will gather information from the provinces concerning scientific road building.

THE AMA will ask the minister of public works to meet with AMA officials at least once every three months to discuss provincial road conditions. The association will also ask the federal government for permission to meet semi-annually with federal parks officials with a view to co-ordinating improvements and attractions to tourists.

A film on safe driving was shown.

Labor Officials Visiting in City

Thomas McGregor, Winnipeg, general secretary for the Canadian Employers and other transportation affiliates in the Canadian Council of Labor, is in Edmonton

accompanied by H. A. Chapell, also of Winnipeg, general representative of the same labor organization. Mr. McGregor will be speaker at the annual meeting of Division 73 being held Monday night at the Macdonald hotel.

The labor officials are also staying at the Macdonald hotel.

Weather Here To Stay Cold

Continued cold weather seems to be in store for Edmonton with a prediction of 10 degrees below zero as estimated low for Tuesday, made by the Dominion Weather Office

Monday.

SKIES MONDAY will be cloudy, becoming overcast Monday afternoon, with rain or snow which will continue until Tuesday

morning. Light winds will accompany the snow.

Maximum temperature Sunday was 23 degrees above, recorded at 2:30 a.m. Minimum was seven degrees below Sunday recorded at 11:30 p.m. Minimum overnight low was 14 below Monday at 4:00 a.m. A trace of snow was recorded on Sunday.

\$5,621 Damages Asked in Action

Damages totalling \$5,621.43 are sought by Edward A. Chisholm, Edmonton, in a legal action filed by the law firm of Wood, Buchanan and Campbell against the City of Edmonton.

The claim arises out of an accident on Ang. 15 last in which Chisholm's car struck a trolley coach as he crossed Jasper avenue between 100 and 101 streets.

He received a fracture of the nose, injuries to his face, and impairment of his nervous system.

David Roberts was elected by acclamation to be 1947 president of the South Side branch, No. 130 of the legion Sunday afternoon.

Eighteen nominations for other offices—secretary, treasurer and executive were received at the meeting, and will be voted on at the next meeting.

Dr. G. J. HOPE, election officer, will be in charge of the election.

A resolution was drafted urging the converting of the Canadian Legion into a national organization.

Seventy-five members were present.

To Make Statement On Agriculture

A statement amplifying decisions on 1947 farm production arrived at in Ottawa conferences on labor and agriculture will probably be made later this week by O. S. Walker, deputy minister of agriculture, it was learned Monday.

Mr. Longman, accompanied by R. M. Putnam, director of agricultural extension services, returned from the Ottawa conference over the week-end.

See No Immediate Indication Liquor Ration Soon to End

The question arose when a news dispatch stated that "the liquor rationing is expected to end in Ontario at the first of the year."

The dispatch said that Ontario's Attorney-General Leslie Blackwell probably would make an official announcement Thursday.

The end of rationing of liquor for Alberta is still in the future, Mr. King said, "We have not yet considered the question."

For the month of December Alberta increased the amount of alcohol from one 26 ounce bottle and one of rye for two (or two) to one bottle of imported Scotch and two of Scotch type whisky.

Weather Sets Records

Exceptional and record-breaking weather prevailed in the Edmonton district during the month of November, according to the meteorological summary issued Monday by the meteorological division of the weather service.

ABNORMALLY warm weather occurred during the first half of the month with a daily record of 50 degrees standing for five days. A 48-year record for Nov. 13, having been broken, the month was 69 inches of rain, and exceedingly cold weather prevailed for the rest of the month, bringing the monthly mean temperature well below normal.

Highest temperature during the month was 64.9 degrees recorded on Nov 5 while the low was 2.4 degrees below zero on Nov. 31. As of Nov. 10, there was 69 inches of rain.

Dr. G. J. Hope Heads Motor Association

Dr. G. J. Hope of Edmonton was named president of the Alberta Motor Association at the annual meeting in the Macdonald hotel Saturday.

The election took place when members of the newly-elected board of directors held their meeting Saturday evening, following conclusion of main business of the annual meeting.

DR. HOPE SUCCEEDS James Cleave of Calgary as president. He is immediate past president of the association, a post he held for two years.

Executive officers named include first vice-president, Charles E. Beny, Lethbridge; second vice-president, L. R. Lipsett, Calgary; secretary, W. C. Caton, Edmonton.

PROVINCIAL board members are: Edmonton, J. Gordon Butler, R.A. Godson, Dr. G. J. Hope, R. L. Gordon, Lethbridge, and Lethbridge, A. B. Fisher and Charles E. Beny.

ALSO ON THE BOARD in executive capacities are James Cleave, Calgary, C. H. Grant, K.C., Edmonton, L. R. Lipsett, Calgary and G. M. Putnam, Lethbridge, chairman of those branches.

In the provincial association's 21,000 members, Edmonton leads with 11,420. Calgary has 7,658 and Lethbridge has 1,922. The membership convention reported.

Financial standing of the association is in good order with 1946 receipts, with the main outlay of money being 14,000 expended during the year for services to members.

Petitions to be Submitted

Council to Consider Protest, Paving Bid

Two petitions, one seeking the paving of Saskatchewan Drive from 99 street to the bridge at 107 street, the other protesting against the construction of a power line by the Calgary Power Co., along 77 avenue, will be considered by city council Monday night.

THIRTY-EIGHT residents and property owners on Saskatchewan Drive are asking city council to authorize the paving of this thoroughfare between 102 street and 99 street at the expense of the city at large on the ground that the road is in a state of disrepair and is a part of a scenic drive and is much traveled by people on foot and by car for pleasure and sight-seeing.

Their contention also is that the road has become a highway for the manner of traffic between the high level and low level bridges and points to the east and west of these bridges.

Thus far, it is stated in the petition, creates a dual nuisance that is unbearable to those residents along the roadway.

THIRTY RESIDENTS along 77 avenue in the King Edward Park district are objecting to the erection of a power line along the avenue by the Calgary Power Co. They state that no one was consulted in any way about the construction of this line, and are objecting on the grounds the line is unsightly, and that it interferes with radio reception and that it causes the loss of property.

It is submitted in the petition that the Calgary Power Co. is constructing the line along the avenue because it is the cheapest route, and the residents object to the company saving money at the expense of their property.

THEY SUGGEST the proper location for the line is to connect with the company's line south of Edmonton, and if this is not possible to run the line down the lane and not on the street.

Birth Certificates in Alberta To be Issued in Card Form

Commencing April 1, birth certificates in Alberta will be issued in card form suitable to be carried at all times in a wallet.

The innovation has been brought into effect, to replace the former large cumbersome certificates which are unsuitable for carrying. The new certificates may be carried in a wallet, and will thus be produced easily when required.

The cards are three and one half inches by two and one half inches and record the essential information—name, date of birth and place of birth.

A funeral service will be held at 1:30 p.m. Wednesday at the Glory Hill Baptist Church. Burial will take place in the Glory Hills cemetery. Howard and McBride are in charge of arrangements.

Spirit of Christmas Portrayed at Concert

In both song and story the spirit of Christmas was vividly and admirably portrayed at the meeting, Saturday afternoon in the Masonic Temple, of the Women's Musical Club. This portrayal was by the University High School Glee and Dramatic Clubs under the able direction of Doris Sheppard. It was the final musical club meeting prior to the Christmas vacation, with the next scheduled for Saturday, Jan. 18.

The program was divided into two parts. The first was devoted to the presentation of carols from various countries and of widely separated vintage and the second was allocated to a Christmas play. In the singing of carols the glee club acquitted itself most creditably. Each group of carols, whether originating in England, France, or elsewhere, was suitably introduced by a narrator.

Mrs. Sheppard merits warm, unstinted praise for her contribution. Her capable shoulders rested the main burden. She selected the singers, and trained them and then conducted the concert. She infused spirit and enthusiasm into the singing and it was evident that she not only had the confidence but the full support of each and every chorister. It was not through lack of trying that the pitch fell occasionally and that errors of balance and proportion crept in.

It was invigorating to hear the young, fresh voices and to see every eye focused on the authoritative Miss Sheppard. All concerned must have in the praise. It was a most enjoyable and greatly appreciated event.

CONGRATULATIONS AND CAROLS WERE INCLUDED.

The Winter Lullaby, Skating, The Christmas Bells, O Quilt Your Pansies, Sleep of the Infant Jesus, Bring a Torch, As Lately We Watched, The Mystic Night, Boris, Kyrie Elision, Peace to All the Holy Season, Twelve O'Clock is Striking, Deck the Halls, The Boar's Head and The Wassail Song.

The play, "Why the Chimes

Many Parcels Are Placed on Tree

With more than 250 parcels already turned in during the first week, the city Monday, Dec. 10, saw the Christmas Tree sponsored by the Nottoway Branch, No. 24, Canadian Legion, is attracting wide interest among Edmonton citizens.

THROUGH THESE GIFTS OF parcels, and many more to come during the next few weeks, Edmonton citizens are planning to say a very sincere "Merry Christmas and Happy New Year" to more than 600 soldier patients in city hospitals still undergoing treatment for wounds and sicknesses incurred in active service in two World Wars.

The Christmas Tree, originated last year takes the place of the Edmonton Bulletin No-Forgotten Fund.

Christmas morning the gifts will be distributed to men in the various soldiers' wings of the hospitals. Gifts of handkerchiefs, tie socks, cigarettes, tobacco, candles, books, magazines, are perennial favorites among the hospitalized men. The Christmas Tree will be in the Eaton's store at the last shopping day, to allow citizens ample time for their gifts.

Hang by Elizabeth MacFadden was a charming one-act offering bringing home forcefully the true meaning of Christmas.

The direction was excellent, the acting splendid and the general effect was among the best provided by an Edmonton company for a long time. While all did fine work, special attention must be made of Douglas Hodgson as Holger and Sherill Layson, for a most effective and artistic vocal solo.

BARCAROLLE, by Schubert, directed by Lois Tweed, violin, Harold Greenlee and Wesman Anderson, piano, provided a suitable interlude between carols and play.

Taking part in the carol section of the program were William Must, Barbara Wyatt, Thelma Vango, Larry Dittich, Mary Lou Lister, Lois Tweed, Ruth Yee, Jeanne Rogers, Audrey Anderson, Helen Berry, Bonita Borel, Dolores Callie, Marilyn Day, Edith Fahlberg, Rosemary Gerhart, Sherill Layson, Marguerite MacCoshan, Ruth McDonald, Shirley McDevine, Sheila McCuan, Donna McNabb, Joan Murray, Beth Newton, Doreen Perkins, Alice Peterson, Beverly Ratcliffe, Eleanor Sanford, Jean Sloan, Edith Skelch, Margaret Sullivan, Rena Bruce, Iris Carrick, Jean Smith, Janet Strickland, Joan Taylor, Betty Wilson, Shirley Wilson.

IN ADDITION to those already mentioned, the cast of the play included Howard Hoyle, Lloyd Skelton, Helen Tarrant, Wendie Anderson, Eugene Wendie, Sheila McCuan, Paul Sweet, Beate Hamilton, Yvonne Goodman, John Westergaard, Larry Dittich and Helen Berry, J. O.

A pair of water in a freshly painted room will help clear the odor.

Group Departs For England

A party of approximately 20 residents of Edmonton and district, left the city Monday, bound for England. Included in the party was Fred E. Hurst of Grande Prairie, who is planning on spending Christmas with his family in England, but he had only been in a town twice in the past 36 years. He was anxiously looking forward to his trip.

Mr. DeWorsh explained to Canadian Pacific Railway officials, arranging his passage, that he had only been in a town twice in the past 36 years. He was anxiously looking forward to his trip.

Home Requests Tax Reduction

The Edmonton Home for Ex-Servicemen's Children, equipped at present to take care of 36 children, is requesting the city council to make a grant which will be considered in the city's annual budget at Monday night's council meeting.

The home is located at 9038 103 street and was purchased last year by the Hon. Frank Oliver, Minister of Finance and E. H. McDougall, for \$55,000 cash.

The home will be operated to take care of ex-servicemen's orphans and children of ex-servicemen.

I SAW TODAY: Jim Henry being congratulated on producing banana cake.

And Peter Giammen opening up his business establishment on 101 street; Ted Caine picking his way across the railway tracks towards Victoria High school; Marshall McGarvey entering the Churchill building; Joe Larzon walking north on 103 street; Allan and Don Anderson unloading equipment to start decorating a home for a city resident; Arthur MacCormack noting mail in a mail car at the C.N.R. station.

Recommendation to City Council Seek Parks Development Dept.

The setting up of a parks development department to take over the operation of cemeteries, playgrounds, swimming pools, and the municipal golf course is being recommended to city council by the city commissioners.

IN THEIR SUBMISSION to council the commissioners state that recreational facilities in Edmonton have now expanded so considerably and reached a stage of development where it is considered to be in the best interests to consolidate them into one department.

City council also will be asked to again designate the Edmonton Horticulture Society as the renting body for 1947 for city-owned lots for gardening purposes.

Also the council will consider a recommendation from the commissioners that the lease of the Voyageur canoe club on property on the left bank of the Mackenzie River across from White Mud Creek be extended for a period of five years.

THE COMMISSIONERS also are recommending that three late shopping nights be approved for the Christmas season. An application has been made by the Edmonton Chamber of Commerce of a half of retail merchants that stores be permitted to remain open up to 9 p.m. on the nights of December 14, Saturday, Dec. 21 and Monday, Dec. 22, and the commissioners are recommending acceptance of this request.

It is pointed out that time-and-a-half would be paid employees working the late shift in stores.

COUNCIL ALSO WILL be requested to request from residents in the Martin Estate for incorporation into the city, and the commission-

ANDY KERR RETIRES FROM COACHING AFTER 18 YEARS AT COLGATE

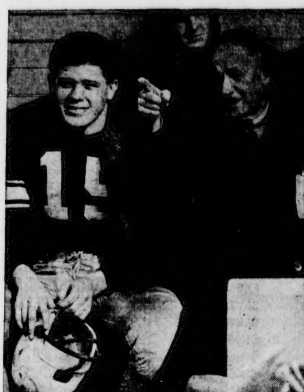

GENERAL IKE INITIATED INTO SAINTS AND SINNERS CLUB IN N.Y.

Copyright, 1946, by Acme Newspictures, Inc.

PRIZE PHOTO—This happy picture showing sailors coming home was awarded third prize in the humor class in national photo contest. Picture was made by Frank Nichols of Bayonne, N. J., with a 4-in. by 5-in. Speed Graphic. Exposure 1/200 second at f/16.

FAREWELL TO SPORTS—After 18 years as grid coach at Colgate University, Hamilton, N.Y., Andy Kerr catches his last game. Here the veteran mentor and one of his players watch development of game against Brown University. Andy's team gave him a victory.

HAPPY ENDING—Kingsley Foster, former U.S. Army Air Forces officer who had stowed away on the Queen Elizabeth to reach his wife and daughter, proudly smiles with them as they arrive in New York. Heavy steamship reservations almost kept the family from making the trip to U. S. this year.

IKE IN PLAYFUL MOOD—General of the Army Dwight D. Eisenhower, Army Chief of Staff, clowns with his "honor guard," left, as the veteran field officer was inducted into the Saints and Sinners Club during ceremonies at Waldorf-Astoria Hotel in New York City. The honor guard was strictly civilian.

CHARMING, JUST CHARMING—As plans for University of Wisconsin's annual "Harefoot Follies" got under way, self-appreciative player Franklin Wallin, of Grand Rapids, Mich., practices posing under critical eye of co-ed Harriet Minton.

VACATION—Supreme Court Associate Justice Frank Murphy, taking a brief holiday from the bench, digs for shells at seashore in Miami Beach with his niece, Mary Aurora, of Detroit, Mich. The bushy-eyebrowed justice was formerly Democratic governor of Mich., and appointed to the Court by President Roosevelt.

MISSOURIAN—Screen star Ginger Rogers leaves the White House with a big grin after paying a social call on President Truman. Miss Rogers was born in Independence, Mo., home of the Truman family. The blond star was returning to Hollywood after a visit in New York City.

CHRISTMAS MAIL FOR OCCUPATION GU'S—Japanese laborers load these huge sacks of mail into Army trucks in Yokohama after being unloaded from a fast Army transport vessel. Reports indicated early mailing from U.S. will now make delivery by Christmas certain.

FIELD MARSHAL SMUTS VISITS PRESIDENT—The President's Military Aide, Maj. Gen. Harry Vaughan, right, briskly escorts Field Marshal Jan Christian Smuts of the Union of South Africa, from his car in Washington to the White House.

SQUATTERS MOVE OUT—War veteran Lawrence Gilbertson and his wife and son move out of a GI temporary housing project in Chicago. The Gilbertsons were one of the families of squatters who a month ago moved into the project without authority.

MEDITATION—Towheaded Glenn Heckman, left, and his sister Jo, meditatively await judge's decision in a Chicago court during divorce hearing of their parents. The judge failed in effort to reconcile couple for children's sake but reserved final decision in case. Jo's wise look indicates that she knows just how the judge will decide, while little Glenn appears to be fairly doubtful.
